

## **§ 120.932**

public policy goals enumerated in § 120.862(b) applies to the Project).

### **§ 120.932 Interest rate.**

The interest rate of the 504 Loan and the Debenture which funds it is set by the SBA and approved by the Secretary of the Treasury.

### **§ 120.933 Maturity.**

The term of a 504 Loan and the Debenture which funds it shall be either 10 or 20 years.

### **§ 120.934 Collateral.**

The CDC/SBA takes a junior lien position (usually a second lien) on the Project collateral. In rare circumstances, collateral other than the Project collateral may be accepted by SBA. Sometimes secondary collateral is required. All collateral must be insured against such hazards and risks as SBA may require, with provisions for notice to SBA and the CDC in the event of impending lapse of coverage.

### **§ 120.935 Deposit.**

At the time of application for a 504 loan, the CDC may require a deposit from the Borrower of \$2,500 or 1 percent of the Net Debenture Proceeds, whichever is less. The deposit may be applied to the loan processing fee if the application is accepted, but must be refunded if the application is denied. If the small business withdraws its application, the CDC may deduct from the deposit reasonable costs incurred in packaging and processing the application.

### **§ 120.936 Subordination to CDC.**

SBA, in its sole discretion, may permit subordination of the Debenture to any other obligation of the CDC, except debt incurred by the CDC to obtain funds to loan to the Borrower for the Borrower's required contribution to the Project financing.

### **§ 120.937 Assumption.**

A 504 loan may be assumed with SBA's prior written approval.

### **§ 120.938 Default.**

(a) Upon occurrence of an event of default specified in the 504 note which re-

## **13 CFR Ch. I (1-1-00 Edition)**

quires automatic acceleration, the note becomes due and payable. Upon occurrence of an event of default which does not require automatic acceleration, SBA may forbear acceleration of the note and attempt to resolve the default. If the default is not cured subsequently, the note shall be accelerated. In either case, upon acceleration of the note, the Debenture which funded it is also due immediately, and SBA must honor its guarantee of the Debenture. SBA shall not reimburse the investor for any premium paid.

(b) If a CDC defaults on a Debenture, SBA generally shall limit its recovery to the payments made by the small business to the CDC on the loan made from the Debenture proceeds, and the collateral securing the defaulted loan. However, SBA will look to the CDC for the entire amount of the Debenture in the case of fraud, negligence, or misrepresentation by the CDC.

### **§ 120.939 Borrower prohibition.**

Neither a Borrower nor an Associate of the Borrower may purchase an interest in a Debenture Pool in which the Debenture that funded its 504 loan has been placed.

### **§ 120.940 Prepayment of the 504 loan or Debenture.**

The Borrower may prepay its 504 loan, if it pays the entire principal balance, unpaid interest, any unpaid fees, and any prepayment premium established in the note. If the Borrower prepays, the CDC must prepay the corresponding Debenture with interest and premium. If one of the Debentures in a Debenture Pool is prepaid, the Investors in that Debenture Pool must be paid pro rata, and SBA's guarantee on the entire Debenture Pool must be proportionately reduced. If the entire Debenture Pool is paid off, SBA may call all Certificates backed by the Pool for redemption.

### **§ 120.941 Certificates.**

(a) The face value of a Certificate must be at least \$25,000. Certificates are issued in registered form and transferred only by entry on the central registry maintained by the Trustee. SBA guarantees the timely payment of principal and interest on the Certificates.
